Beavertown Journal

From the Desk of Mayor David Runfeldt

The summer of 2008 is rapidly drawing to a close. The last few months have been filled with talk of decreased state funding, taxes, budget cuts and property revaluations. I'd like to take this time to discuss what a great summer we have had around Lincoln Park, including many programs and events that we have never had before. The following is a sort of "What I did (or could have been doing) On My Summer Vacation." I hope that many of you were able to participate in some of these great programs. For those that didn't, please keep them in mind for next year.

P.A.L. kicked off the summer (actually it was spring, but it was so good it's worth mentioning again) with their Baseball and Softball Opening Day festivities. This event gets better and better each year. Great seasons of soccer, and now cheerleading and football followed.

Once again, the Lincoln Park American Legion Post 279 sponsored a wonderful Memorial Day Parade and ceremony to honor and remember those in our Armed Forces.

Our Police Department ran the most successful "Junior Police Academy" yet. There were a record number of 11-15 year old "cadets" that participated this year. Due to the success of the program, there is talk of running two different sessions next year. Also keep in mind the upcoming Academies for High School and adult participants.

The Fire Department held the first "Career Day" for its younger members. The Junior Firefighter program has been thriving lately, and some of our veteran firefighters were able to give the younger members a taste of what a career in the fire service would be like. The participants worked, ate and slept at the firehouse. Drills, education and even running calls with EMS helped to further train our young firefighters. Anyone interested in more information on the Junior Firefighter program should contact the Lincoln Park Fire Department.

The Health Department was the recipient of a "Sun Safe" grant this summer which provided information regarding sun exposure and health risks to visitors to the Community Lake.

Speaking of the lake, the Friends of the Library recently held their 3rd Annual "Oldies at the Lake." This event was very well attended and has become a great regular addition to our summer schedule.

Of course, our Parks and Recreation Department was very busy this summer enhancing the usual programs and adding new ones. The Elm Street Park was totally replaced with new equipment and available this summer. A multi-sport camp was held to increase interest in various sports. The Lake was opened earlier this year than ever before and another "Summer Blast" party was held there for the whole family. We also had our first adult night at the lake and our first family movie night. Each of these first time programs were a tremendous success, and if you missed them make sure that you get there next year! Coming up this month will be Lincoln Park's first ever town-wide yard sale.

The Mayor's Wellness Campaign has received a gift from a borough resident to completely refurbish our tennis courts and lighting. Next summer, we will now be able to expand our tennis program in an effort to combat childhood obesity. The Second Annual Beavertown Fall 5K Run will be held November 1st. This year, proceeds from the run will be given to the Parent Teacher Organizations of the Lincoln Park Elementary and Middle schools.

As you can see, there is quite a bit that goes on around town. One of the best ways to keep up to date is to subscribe to the free email newsgroup service the borough offers. Go to the bottom of the home page of www.lincolnpark.org and fill out the subscription form now! Cable channel 77 is also regularly updated with information as is the calendar in the Beavertown Journal and on our website.

I hope you had a safe and happy summer. Please watch for children as they return to school this month.

Lastly, I ask for your thoughts and prayers for one of the members of our police department. Patrolman Greg Bosland is currently recuperating from injuries he received in a serious motor vehicle accident several weeks ago. Please join me in wishing him a full and speedy recovery.

Police News

Unfortunately summer is coming to its end, school is about to open and with it come the safety risks for our younger citizens. Please take a moment and review some school safety tips.

- Motorists please remain alert for children walking to and from schools and bus stops.
- Yield to pedestrians in crosswalks, pay attention to crossing guards who are there to ensure the children cross safely.
- Pay attention to school buses. Passing a stopped school bus picking up or dropping off children is not only extremely dangerous but is also a 5 point traffic offense.
- Please keep the speeds of motor vehicles within the speed limits especially during the hours when children are going to and from schools.
- Parents, please pay attention to how your children walk to school avoid planning the route too close to parks, vacant lots, fields, and places where there are not many people around.
- Whenever possible, it's best to walk with other children.
- Be sure that your children know their address, phone number, and a work number for Mom or Dad. Also be sure the child knows how and when to use 911.
- If your child is old enough and will be home alone after school, make sure that he calls you or a designated contact person as soon as they arrive home. Also make sure the child knows not to use the stove or any other appliance that could cause injury.
- Make sure your children are comfortable talking to you about anything that makes them feel uneasy or uncomfortable while away from home such as persons acting suspicious on their way to and from school or if they feel bullied by other children.

We sincerely hope for a safe and happy school year.

PROMOTION OF DEPUTY CHIEF

ANDRASCİK – At the Borough Council meeting on August 4 Thomas Andrascik was promoted to the rank of Deputy Chief.

Dep Chief Andrascik has been with the department since 1985 and has steadily moved up the ranks. In addition to being the Executive Officer in charge of the department his duties have been the commander in charge of grants (which has been extremely successful in identifying and obtaining federal and state funding for Lincoln Park), technological systems, the shared service communications agreement with Kinnelon Borough and the police department accreditation process.

Dep. Chief Andrascik has been outstanding in every rank and command he has held and we expect this latest to be of the same success for him.

PTL GREG BOSLAND – was involved in a serious off duty motor vehicle accident. After suffering very serious injuries in late July he has been on the mend and by the time of the issuance of this article we hope that he will be back home continuing his recuperation. Our thoughts and prayers are always with Greg and his family, we hope for his full recovery and return to the department as soon as possible.

DISP WILLIAM MORERE – One of our telecommunicators and a member of the New Jersey National Guard has been training at Ft. Bliss Texas in preparation for his duty in Iraq. I was lucky enough to be invited by the New Jersey National Guard to be transported by the Air Force along with a group of police chiefs (many in the New Jersey Guard are police officers or in the law enforcement profession) to see first hand the conditions and the training that is provided. The trip was truly eye opening and raised to a new level my already enormous respect for the wonderful men and women who serve this great nation in our military. The level of professionalism and morale displayed by our soldiers are truly awe-inspiring. I was able to meet Disp. Morere, tell him how proud we are of him and see how his training was progressing.

JUNIOR POLICE ACADEMY – my congratulations to Sgt. Runfeldt, Ptl. Wenzel, Ptl. Bailey and Ptl. Herbek. The largest group we have ever had experienced policing first hand in the first week of August. The group of 37 youths were exposed to just about every aspect of being a police officer and the myriad of tasks that can be called upon on any given day. In addition to being exposed to our tasks here we were assisted by the New Jersey State Police Air unit, the Morris County Sheriffs K-9 unit, Morris County Correctional Facility, and the Morris County CSI crime lab. Detectives Zammit and Dsgt. Hackett met with the students and displayed technological surveillance devices and systems (most of

First Ladies of the White House

Elizabeth Kortright Monroe 19th Century

“Romance glints from the little that is known about Elizabeth Kortright’s early life. She was born in New York City in 1768, daughter of an old New York family. Her father, Lawrence, had served the Crown by privateering during the French and Indian War and made a fortune. He took no active part in the War of Independence; and James Monroe wrote to his friend Thomas Jefferson in Paris in 1786 that he had married the daughter of a gentleman, “injured in his fortunes” by the Revolution.

Strange choice, perhaps, for a patriot veteran with political ambitions and little money of his own; but Elizabeth was beautiful, and love was decisive. They were married in February 1786, when the bride was not yet 18.

The young couple planned to live in Fredericksburg, Virginia, where Monroe began his practice of law. His political career, however, kept them on the move as the family increased by two daughters and a son who died in infancy.

In 1794, Elizabeth Monroe accompanied her husband to France when President Washington appointed him United States Minister. Arriving in Paris in the midst of the French Revolution, she took a dramatic part in saving Lafayette’s wife, imprisoned and expecting death on the guillotine. With only her servants in her carriage, the American Minister’s wife went to the prison and asked to see Madame Lafayette. Soon after this hint of American interest, the prisoner was set free. The Monroes became very popular in France, where the diplomat’s lady received the affectionate name of *la belle Americaine*.

For 17 years Monroe, his wife at his side, alternated between foreign missions and service as governor or legislator of Virginia. They made the plantation of Oak Hill their home after he inherited it from an uncle, and appeared on the Washington scene in 1811 when he became Madison’s Secretary of State.

Elizabeth Monroe was an accomplished hostess

when her husband took the Presidential Oath in 1817. Through much of the administration, however, she was in poor health and curtailed her activities. Wives of the diplomatic corps and other dignitaries took it amiss when she decided to pay no calls—an arduous social duty in a city of widely scattered dwellings and unpaved streets.

Moreover, she and her daughter Eliza changed White House customs to create the formal atmosphere of European courts. Even the White House wedding of her daughter Maria was private, in “New York style” rather than the expansive Virginia social style made popular by Dolley Madison. A guest at the Monroe’s last levee, on New Year’s Day in 1825, described the First Lady as “regal-looking” and noted details of interest: “Her dress was superb black velvet; neck and arms bare and beautifully formed; her hair in puffs and dressed high on the head and ornamented with white ostrich plumes; around her neck an elegant pearl necklace. Though no longer young, she is still a very handsome woman.”

In retirement at Oak Hill, Elizabeth Monroe died on September 23, 1830, and family tradition says that her husband burned the letters of their life together.”
