### LINCOLN PARK SCHOOL DISTRICT

#### Notice of Child Find Activity

Pursuant to the Individuals with Disabilities  
Education Act and New Jersey Administrative Code,  
Title 6A:14, Special Education

The Lincoln Park School District has a responsibility to locate, identify and evaluate all resident students with disabilities who are in need of special education and related services, including students with disabilities attending nonpublic schools in Lincoln Park and those deemed to be homeless but remaining the responsibility of the Lincoln Park School District. The school district locates, identifies and evaluates, where appropriate, the following: children below school-entry age (3-5); school age children; children entering school for the first time; children enrolled in public and private schools; transfer pupils and school age children who are eligible to attend school but who are not attending school and who are residents of the Lincoln Park School District.

Upon written request, the district will conduct an initial identification meeting for any resident child to determine whether a referral for evaluation for special education and related services is appropriate. Such a request may be made in writing to the Director of Special Services, Lincoln Park Public Schools, 274 Pine Brook Rd, Lincoln Park, NJ 07035. The school district provides special education and related services for children ages 3-21. Information for children with potential disabilities or those with disabilities from birth to three is available through Project Child Find, (a service established by the NJ Department of Education through I.D.E.A., Part B funds from the US Department of Education) at 1-800-322-8174.

For more information on Project Child Find, contact the Department of Special Services at (973) 696-9150.

The New Jersey Department of Education also has information on their website at <http://www.state.nj.us/education/specialed/childfind>.

**FOR PUBLIC POSTING**  
**Child Find of Morris County, New Jersey**

July 2019

All Morris County School Districts offer educational programs and services for students ages 3 to 21 who are in need of special education services. Parents or other appropriate persons may refer children who are experiencing significant difficulties to their local school district.

Beginning at age 3, children experiencing physical, sensory, emotional, communication, cognitive, or social difficulties may be eligible for special education and related services. Parents should contact their local district's Child Study Team office for further information if they have concerns about their child's development. Children from birth to age 3, who are thought to have a developmental delay, may receive assistance from the Early Intervention Program. To access this service, parents should contact Early Intervention at 1-888-653-4463 or Project Child Find at 1-800-322-8174.

If parents are concerned about their school-age child's progress, they should discuss such issues with their child's teacher, guidance counselor or principal. Parents have the option of making a referral to the school's Intervention and Referral Services (I&RS) Committee or to the Child Study Team (CST). The I&RS offers intervention procedures that are provided within the general education school program. At times, however, more extensive interventions than can be provided in the general education setting are necessary to assist the student. If a child is determined to be eligible for special education and related services, an Individualized Education Program (IEP) will be developed, which includes a rationale for the student's educational placement and the basis for the program implementation.

The following is a listing of Morris County CST offices and phone numbers. For further assistance, contact your local district.

Boonton Town 973-316-9700 x 1004
